BASS JUICE

The Bass Juice offers organic distortion specially designed for bass.

In "normal" mode (boost function off), it delivers awesome sustain with rich creamy overtones and big bottom.

Engage the boost function, and you are in fuzztone heaven!

The mix knob lets you blend just the right amount of distortion with your original clean tone.

Switches:	ON/OFF switch. BOOST switch (switches between moderate- and high gain.)
Controls:	GAIN knob controls overall distortion. LEVEL knob controls master volume TONE knob adjusts a broad range of frequencies and provides great tonal control. MIX knob blends dry/overdriven sound.
Connections:	INPUT-Jack 6,3 mm. OUTPUT-Jack 6,3 mm. DC-Jack 2 mm. pin.
Power supply:	9-12 Volt DC or battery 9 Volt Alkaline. When using a Power Supply, you don't have to put in a battery.
Effect usage:	20 mA
Weight:	500 gram packed in box Bomb-proof aluminium housing.
Batteri change:	Open the battery-cover on the back using a flat-tipped screwdriver in the slot.
