MUDHONEY

CONGRATULATIONS

on your purchase of T-Rex Mudhoney.

Mudhoney is a crunchy, fuzzy distortion pedal that can deliver everything from a smooth dirty edge to a harrowing wall of distorted sound.

Using your Mudhoney is easy and intuitive, just turn the page to get started

CONTROL YOUR MUDHONEY

The Mudhoney has 4 controls: **GAIN**, **BOOST**, **LEVEL** and **TONE** that covers most of your demands.

The **BOOST** button switches between moderate- and high gain.

The **GAIN** knob controls the amount of distortion.

The **LEVEL** knob sets the overall volume. In mid-position (twelve o'clock) the volume level is 1:1. When turned full over (clockwise) the input signal is boosted 15dB.

The **TONE** knob affects the top end (edge) of your signal without compromising sonic quality, allowing you to dial in the perfect tonal flavour for you taste.

T-REX WARRANTY CONDITIONS

T-Rex offers a 2-year warranty on all our products. In the unlikely event of a malfunction, please contact our technical support at info@t-rex-effects.com before sending us the product for repair. When the product has been sent to us at sender's cost, we will repair or replace your product and send it back to you - free of charge and usually within 3 weeks (shipping not included). The product needs to be accompanied by a copy of your receipt, serial number, return address, phone number, e-mail address and a brief explanation of the problem. Please note that we cannot replace a product until we have received it here in Denmark.

The warranty is lost if the product has been damaged by alteration, misuse, accident, or neglect; or if the product has been repaired or serviced by persons not authorized by T-Rex. Read more about warranty conditions at www.t-rex-effects.com.
